

## Named Donations

St Catherine's is justly proud of the generosity of its benefactors and their names are celebrated in the School, for example in the names of School houses, scholarships or prizes.

There are several opportunities for donors to create a permanent association with their names or the names of those they wish to honour and celebrate the part that sports or the arts have played in family life, interests or career. Some donors may wish to support anonymously.

These amounts are based on a single gift or pledge over a period of three years or less and will include the value of Gift Aid where applicable.

*It is particularly advantageous for donations to be made over the next two years. The reduction of the basic rate of tax( from 22% to 20%) and its impact on reducing the amount by 2p in every pound that St Catherine's claims back through Gift Aid will not be introduced until April 2010.*
